

Tool, Swamp Song

My warning meant nothing
You're dancing in quicksand
Why don't you watch where you're wandering?
Why don't you watch where you're stumbling
You're wading knee deep and going in
You're wading knee deep and going in
This bog is thick and
Easy to get lost in
'Cause you're a stupid
Belligerent fucker
This bog is thick and
Easy to get lost in
'Cause you're a dumb-ass
Belligerent fucker
I hope it sucks you down
Down
Down
Down
My warning meant nothing
You're dancing in quicksand
Why don't you watch where you're wandering?
Why don't you watch where you're wandering?
You're wading knee deep and going in
And you may never come back again
This bog is thick and
Easy to get lost in
'Cause you're a stupid
Belligerent fucker
This bog is thick and
Easy to get lost in
'Cause you're a dumb-ass
Belligerent fucker
I hope it sucks you down
My warning meant nothing
You're dancing in quicksand
Why don't you watch where you're wandering?
Why don't you watch where you're stumbling
You're wading knee deep and going in
And you may never come back again
This bog is thick and
Easy to get lost in
'Cause you're a stupid
Belligerent fucker
This bog is thick and
Easy to get lost in
'Cause you're a dumb-ass
Belligerent fucker
I hope it sucks
I hope it sucks
I hope it sucks you, fucker
I hope it sucks
I hope it sucks
I hope it sucks you down
Wandering, wandering
No one even invited you in
Still stumbling
Suffocate, suffocate
Why don't you get away?
Wandering around and wandering
No one even invited you in
You're still stumbling
Suffocate, suffocate
Why don't you get out while you can?
No one told you to come

My warning meant nothing
You're dancing in quicksand
Why don't you watch where you're wandering?
Why don't you watch where you're stumbling?
You're wading knee deep and going in
And you may never come back again
This bog is thick and
Easy to get lost in
'Cause you're a stupid
Belligerent fucker
This bog is thick and
Easy to get lost in
'Cause you're a dumb-ass
Belligerent fucker
I hope it sucks
I hope it sucks
I hope it sucks you, fucker
I hope it sucks
I hope it sucks
I hope it sucks you
