

Tori Amos, Bells For Her

And through the life force and there goes her friend
On her Nishiki it's out of time
And through the portal they can make amends

He would you say whatever we're blanket frinds
Can't stop what's coming
Can't stop what is on its way

And through the walls they made their mudpies
I've got you mind I said she siad I've you voice
I said you don't need my voice girl you have your own
But you never thought it was enough of
So they went years and years
Like sisters blanket girls
Always there through that and this
There's nothing we cannot ever fix I said

Can't stop what's coming
Can't stop what is on it's way
Bells and footfalls and soliers and dolls
Brothers and lovers she and I were
Now she seems to be sand under his shoes
There's nothing I can do
Can't stop what's coming
Can't stop what is on it's way

And now I speak to you are you in there
You have her face and her eyes
But you are not her
And we go at each other
Like blank ettes who can't find
Their thread and their bare

Can't stop loving
Can't stop what is on its way
And I see it coming and It's on its way
