

Tori Amos, I Wanna Get Back With You

i was a fool to say the things i said
i just lost my head made you cry,
made you go i didn't mean to be so cold
i had no right mistreating you that way
and oh, how could i know the price i'd pay
sorry i ever caused you pain sorry i,
sorry i said those hurtful things but baby,
all that really matters now is

i wanna get back with you
just give me one more try
i wanna get back with you
just stop this hurt inside
i gotta get back with you
i been walking down
these cold and lonely streets
i been losing sleep
had to prove i was strong
but every night every night
just proved me wrong
had to think i had heaven
right here in my hand
and oh, just let it slip away like sand
oh, gimme one chance to make it right
one more chance,
one more chance back in your light
'cause baby, all that really matters now is

i wanna get back with you
hold me just like before
i wanna get back with you
taking me somewhere warm
i gotta get back with you
baby, i'd give my soul
just to hold one more time
just to look in your eyes
'cause right now i'm half alive
no matter what i do
there's no living without you
can't you see baby
i wanna get back with you
just give me one more try
i wanna get back with you
just stop this hurt inside
i gotta get back with you
hold me just like before
taking me somewhere warm
i wanna get back with you,
babe i wanna get back with you,
baby i wanna get back!
i gotta get back with you!
oh, take me back!
