

# Tori Amos, Sleep with butterflies

Airplanes

Take you away again

Are you flying

Above where we live

Then I look up a glare in my eyes

Are you having regrets about last night

I'm not but I like rivers that rush in

So then I dove in

Is there trouble ahead

For you the acrobat

I won't push you unless you have a net

You say the word

You know I will find you

Or if you need some time

I don't mind

I don't hold on

To the tail of your kite

I'm not like the girls that you've known

But I believe I'm worth coming home to

Kiss away night

This girl only sleeps with butterflies

With butterflies

So go on and fly then boy

Balloons

Look good from on the ground

I fear with pins and needles around

We may fall then stumble

Upon a carousel

It could take us anywhere

I'm not like the girls that you've known

But I believe I'm worth coming home to

Kiss away night

This girl only sleeps with butterflies

With butterflies

With butterflies

So go on and fly boy
