

Tosteer, Scatter of life

Long way in a stream of light
Life drifts away
Where don't matter space and time
Nor matters faith
Memories you held in mind
Faded away
Now you've got no tears to cry
No heart to break
Stay... you can turn the tide
Stay...to fight
It's a way to nowhere
Dreaming... fading
Scatter of your life
Even if you wake
Worlds away
You've got to fight for something
One day
Long way in a stream of time
Hope locked away
Now you don't trust the night
Don't trust the day
Stay... you can turn the tide
Stay...to fight
It's a way to nowhere
Dreaming... fading
Scatter of your life
Got to change your way
Time gets on
Got to leave today
Dreams you chase
You don't have to stay
Full of blame
Look around for something
Someone else
Scatter of your life
Got to change your way
Time gets on
Got to leave today
Dreams you chase
With no faith to pray
Blind from fame
Still so much to say
Stay
Got to change your way
Time gets on
Got to leave today
Dreams you chase
