

# Total, Definition Of A Bad Girl (Interlude)

To every man and woman who doesn't know,  
The true meaning of a bad girl,  
I'm here to let you know all about it.

A bad girl is the best thing that could ever happen,  
To a bad boy.

A bad girl defies the world around her,  
And plays only by her rules.

A bad girl is an independent female,  
Who can depend on no one but herself.

A bad girl is one who knows what she wants,  
And knows how to get it.

A bad girl is never part of the in crowd,  
But always has her own crowd.

A bad girl gives respect,  
So therefore she gets just that in return.  
But if not, she can and will kick your ass.

And that's the true, full blown reason,  
Why I'm a bad girl, and i'ma stay bad,  
And I'm bad for life.
