

# Toto, Only You

Waiting for you again  
Seems like this never ends  
I close my eyes and I see your face  
And I see it all fading away

Woke up before you again  
You're still asleep I can't pretend  
I feel like I'm losing you  
And I am trying to make everything right

Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh

If I could have a second chance  
Maybe change the circumstance  
Imagine if the dream came true  
We could start it all over tonight

Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh  
[repeats 2x]

Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand  
Whoa no oh oh
