

Trace Adkins, Baby I'm Home

Down the street, up the drive
Park the car, step outside
Across the lawn, up the stairs
On the porch, I'm getting there
Key in the lock, through the door
Down the hall I've walked so many times before
I'm dog-tired, but I don't care
Bedroom door, I'm getting there
She's got a hundred candles burning
She's got next-to-nothing on, yeah, yeah

[Chorus:]

Baby, I'm home

I've been away way too long
I've been waitin', I've been workin'
Wantin' you so bad it's hurtin'
Now I'm back where I belong

Baby I'm home

My arms around you, your lips to mine
Feel our hearts beat-beatin' in time
Hands in your hair, everywhere
I hear you whisper, I'm gettin there
She's got a hundred candles burning
They'll be burning all night long, yeah, yeah

[Chorus]

Every night without you, I've been dreamin' 'bout tonight
Missin' everything about you, girl there's no place like

Baby I'm home

I've been away way too long

Baby I'm home

I've been away way too long

[Chorus]

Yeah baby I'm home

Oh I couldn't wait to get here

Yeah baby I'm home

Let me lock the door, close the curtains

That's what I been missin' right there

Looks like it's gonna be a long night

I miss you
