

# Trace Adkins, Comin' On Strong

Well, I said I'd call her sometime  
No, I think I said I just might  
'Cause I was cool as Colorado - Mr. Saturday night  
We're talkin' shades on  
Leanin' on the payphone  
I let her know right off I was the restless kind  
Don't expect for me to get all tangled up and tied  
I was one smooth cowboy  
But, don't look now, boy  
She's comin' on strong - From out of nowhere  
She's some kind of sweet - I'm some kind of scared  
She's touchin' my hat, and I don't even care  
She's comin' on strong  
In her big blue eyes - I can do no wrong  
I was doin' all right - Gettin' by on my own  
'Til little miss, &quot;You Know Who&quot; comes along  
She's comin' on strong  
Now who's that calling me her little honey bear  
Sittin' next to me, with her head on my shoulder  
We're talking up close, and I'm thinkin' uh oh  
Where's all this luvy-duvy stuff comin' from  
I've tried to tell her I'm no good, and any day I'm bound to run  
But she just laughs  
Man, what's up with that  
She's comin' on strong - From out of nowhere  
She's some kind of sweet - I'm some kind of scared  
She's touchin' my hat, and I don't even care  
She's comin' on strong  
In her big blue eyes - I can do no wrong  
I was doin' all right - Gettin' by on my own  
'Til little miss, &quot;You Know Who&quot; comes along  
She's comin' on strong - From out of nowhere  
She's some kind of sweet - I'm some kind of scared  
She's touchin' my hat, and I don't even care  
She's comin' on strong
