

# Trace Adkins, Dreamin' Out Loud

Pardon me mister, it was my mistake  
I gotta be more careful in a crowd  
If you caught me talkin` to someone you can't see  
Don't mind me, I'm dreamin` out loud  
I can't help wondering what did I do wrong  
To lose the only one I care about  
I can't stop living in the used to be  
Don't mind me, I'm dreamin` out loud  
All I hear is her whisper my name  
All I see is her hair tumble down  
When I feel the touch of her hand in mine  
I find I'm dreamin` out loud  
Well I'd better be going, got some place to be  
I know she's somewhere in this town  
And until I find her and she comes back to me  
I'll be dreamin` out loud  
All I hear is her whisper my name  
All I see is her hair tumble down  
When I feel the touch of her hand in mine  
I find I'm dreamin` out loud  
I'm dreamin` out Loud
