

Tracey Ullman, Long Live Love

Venus must have heard my plea
She has sent someone along for me

I have waited a long, long time
For somebody to call mine
And at last he's come along
Baby, nothing can go wrong

We meet every night at eight
And I don't get home till late
I say to myself each day
Baby, long, long live love

True love must be the greatest thing
I know now I sing I sing
About the moon and stars above
How I long to be in love

We meet every night at eight
And I don't get home till late
I say to myself each day
Baby, long, long live love

Now of one thing I'm more than sure
Since love's come I don't want more
Than to kiss him every night
Make everything alright

We meet every night at eight
And I don't get home till late
I say to myself each day
Baby, long, long live love

We meet every night at eight
And I don't get home till late
I say to myself each day
Baby, long, long live love

Long, long live love
