

# Tracy Bonham, Give Us Something To Feel

This damn bean won't jump for you anymore  
Jumping bean won't jump for you anymore

Keep on moving

This damn pea won't split for you anymore  
Damn shine won't spit for you anymore

Keep on moving

I can't be your jumping bean anymore

I can't be your beauty queen anymore

I won't jump for your team anymore

This damn bush won't burn for you anymore

Beer can won't learn for you

anymore

Keep on moving

This damn horse won't buck for you anymore

Damn lips won't suck for you

anymore

Keep on moving Keep on moving

I can't be your burning bush anymore  
I can't be the one you touch

anymore

I won't be the perfect rush anymore

I can't be your jumping bean anymore  
I won't be your beauty queen

anymore

I can't jump for your team anymore

I can't be your jumping bean anymore  
I won't be your Krispy Kreme

anymore

I can't jump for your team anymore

I won't wear that navy bean anymore  
I can't be your beauty queen anymore

I won't be your hit machine anymore
