

Trail Of Tears, She Weaves Shadows

(Hansen, Thorsen, Nordhus. Lyrics: Thorsen, Nordhus)

(Chorus:)

Frail believer

Won't you wipe away the shame

Inject my soul and paint it black within a narrow frame

I have no one to follow

yet no time to linger

I must face the day alone

cause whenever around

she tends to weave shadows

See the innocent

Not afraid to stay withdrawn

from mother nature

Bound

Heaven's sent

Doesn't speak my name

but maybe later

(Chorus)

All mercy has been withdrawn

as your world comes crashing down

and desperation knocks on your door

Why don't you dare to speak my name

Damnation

All the times we shared

appears to have been in vain

(Chorus)

See the innocent

Heading to the skies above

from mother nature

Bound

Heaven's sent

Doesn't leave me be

but maybe someone later
