

Train, Drink Up

It was just an ordinary Wednesday night
11:47 when the stars aligned
Saw your face and then I felt the butterflies
Someone's gonna fall in love tonight
If you let me take you to my special place
I can make sure everybody knows your name
Don't regret the things you do or things you say
Even if you did it for the fame

Can't let this moment
This moment slip away
Cause things like this don't happen to us every day
So take this moment and put it in a glass
If you want a sip I got memories on tap

Drink up
Drink up
Write your name on a cup
Drink up
Drink up
Write your name on a cup

Sitting on the roof of someone else's car
Wrapped up in a blanket of the brightest stars
Hoping either one of us will go too far
Feeling for each other in the dark

Can't let this moment
This moment slip away
Cause things like this don't happen to us every day
So take this moment and put it in a glass
If you want a sip I got memories on tap

Drink up
Drink up
Write your name on a cup
Drink up
Drink up
Write your name on a cup

This is the night
When everything is right
Yeah when the stars align
This is the night
Been waiting all my life
To put your name right next to mine

Can't let this moment
This moment slip away
Cause things like this don't happen to us every day
So take this moment and put it in a glass
If you want a sip I got memories on tap

Drink up
Drink up
Write your name on a cup
Drink up
Drink up
Write your name on a cup
