

# Train, Drops Of Jupiter (Tell Me)

Now that she's back in the atmosphere  
With drops of Jupiter in her hair, hey, hey  
She acts like summer and walks like rain  
Reminds me that there's time to change, hey, hey  
Since the return from her stay on the moon  
She listens like spring and she talks like June, hey, hey

Tell me did you sail across the sun  
Did you make it to the Milky Way to see the lights all faded  
And that heaven is overrated

Tell me, did you fall from shooting star  
One without a permanent scar  
And did you miss me while you were looking for yourself out there?

Now that she's back from that soul vacation  
Tracing her way through the constellation, hey, hey  
She checks out Mozart while she does tae-bo  
Reminds me that there's a room to grow, hey, hey

Now that she's back in the atmosphere  
I'm afraid that she might think of me as plain ol' jane  
Told a story about a man who is too afraid to fly so he never did land

But tell me did the wind sweep you off your feet  
Did you finally get the chance to dance along the light of day?  
And head back to the Milky Way?  
And tell me, did Venus blow your mind?  
Was it everything you wanted to find?  
And did you miss me while you were looking for yourself out there?

Can you imagine your love fried, deep-fried chicken  
Your best friend always sticking up for you  
Even when I know you're wrong  
Can you imagine your first dance, freeze dried romance  
Five-hour phone conversation, the best soy latte that you ever had  
And me

But tell me did the wind sweep you off your feet?  
Did you finally get the chance to dance along the light of day?  
And head back toward the Milky Way?  
Tell me did you sail across the sun?  
Did you make it to the Milky Way to see the lights are faded?  
And that heaven is overrated?

Tell me, did you fall from shooting star  
One without a permanent scar  
And did you miss me while you were looking for yourself?

Nanana...  
And did you finally get the chance to dance along the light of day  
Nanana...  
And did you fall from a shooting star, fall from a shooting star  
Nanana...  
And are you lonely looking for yourself out there?
