

Trance To The Sun, Fin

Laugh a lot
It'll be so sad so soon
Laugh a lot
You're getting older
Humorless years
Laugh a lot your getting so old
Your years are humorless and years are merciless
Snd don't even get mad
And don't even get mad
You hate to make a place for yourself
Oh love light switches don't come with it
It's so funny
So lie there
And die there
And laugh a lot
We die
We die
Laugh when your parents expire
I laughed when my parents expired
