

Transition, Count Me Out

I saw things that gave me reason to justify attack.
In your hair and in your breathing, I know just what you had.
Down with hope, down with you, down with all your friends.
I've been trying too hard.

I don't want to be there when you fall down,
Even though you deserve it now.

(chorus):
Give it up, you're going down
I hope you made it count
Back it up, I'll back you out
Baby, back down, back down now.

I won't be the one to wait around,
For you to keep me on airs.
I won't be the one to hit the ground,
Running when your lips are stuck to his.
I won't be the one to be let down,
I won't be the one so count me out.
Yeah!

I don't want to be there when you fall down,
Even though you deserve it now.

(chorus):
Give it up, you're going down
I hope you made it count
Back it up, I'll back you out
Baby, back down, back down now.

Give it up, you're going down
I hope you made it count
Back it up, I'll back you out
I don't want to be there, no...
I don't want to be there
I don't want to be there when you fall down,
Even though you deserve it now.

(chorus):
Give it up, you're going down
I hope you made it count
Back it up, I'll back you out
Baby, back down, back down now.
Give it up, you're going down
I hope you made it count
Back it up, I'll back you out
Baby, back down, back down now
Back down, back down now.
