

Travis, I Forget My Name

Turn me on to something
I don't want to be alone
My heart is like a stone and it's sinking

Stay with me, I didn't mean to hurt you
Don't you know
I didn't get where I am with much thinking

And I'm not sentimental
But I know where I belong

For love and life
Tell me things 'til I forget my name

Speak your mind
And learn your lines
Tell me things 'til I forget my name

The say that if you hate yourself
You like yourself enough
You like yourself enough to be a hater

But you can't get enough
Of all that unrequited stuff
So open up to love and see what's there

And I'm not much of anything
But know where I belong

For love and life
Tell me things 'til I forget my name

Sing your life ???
And learn your lines
Tell me things 'til I forget my name

Is this the best that we can do for one another
Asking the questions thinking of another

For love and life
Tell me things 'til I forget my name

Speak your mind
Sing your lines
Tell me things 'til I forget my name
