

Travis Scott, Skyfall

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Hit up the hood pharmacist, he serve all the muddy
Might shoot at your buddy who shot at my buddy
The sky keep on fallin', the drugs I keep callin'
They keep pickin' up for me, they love me

I don't wanna buy, oh no
It won't get me high, oh no

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Hit up the hood pharmacist, he serve all the muddy
Might shoot at your buddy who shot at my buddy
The sky keep on fallin', the drugs keep on callin'

Yeah, that's that loud shit, yeah
I been out on my latest trip
I've been drunk in my latest whip
So I might crash in that ass for real

Hit the club for the cougars
I never got down with the morals of Martin Luther
I'm just tryna ball, why these niggas want me neutered?
Got her down to her drawers, tryna get a little nuder
They just wanna hang like my nigga Mr. Cooper
I'm so 'head of my time, could I show up any sooner?
They said I fucked the roommates so you know that just a rumor
Have you ever got stoned with your motherfuckin' jeweler?
Scott La Flame, no Rick the Ruler, yeah

I don't wanna buy no more
Your shit ain't gettin' me high no more

My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, I'm gone off that muddy
The drugs kee

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, get lost in the muddy
I might shoot at your buddy who shot at my buddy
Where's the love if you love me?
And the sky keep on callin', the drugs I keep callin'
They keep pickin' up for me, they love me

I don't wanna buy no more
Your shit ain't gettin' me high no more

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, I'm gone off that muddy
The drugs keep on callin', the sky keep on fallin'

The drugs keep on callin'
The sky keep on fallin', the drugs keep on callin'
The sky keep on fallin'
The drugs keep on callin', the sky keep on fallin'
The sky keep on fallin'
The drugs keep on callin', the sky keep on fallin'
The sky keep on fallin'
The drugs keep on callin', the sky keep on fallin'

(Ooh, ah)

Look me inside of my eyes (Ooh, ah)

All of this pain, but I'm tryna disguise (Ooh, ah)

I'm it, like a game that get played by a kid
Pussy boy, I'm on your head like a wig
Diamonds water like I bought 'em from a squid
A1's what she get when she want dick
Black diamonds like I'm Akon kid
Whippin' I can turn a two to a six
Real talk, on Blood you dead (Ooh, ah, ooh, ooh, ah)
And I still want that head like a lid
Hit the school, make it rain on a principal
I will leave a nigga smokin' like an Optimo
All my bitches they on gringo
They ridin' with heat, ready to sting bro
I got 300 bitches like I'm Sosa, ho (Ooh, ah, ooh, ooh, ah)
My jewelry shinin' like some Mop & Glo
Inside her pants is a camel toe
I swear I fell in love with all those
Ooh, ah, ooh, ooh, ah

I don't wanna buy no more
Your shit ain't gettin' me high no more

My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, I'm gone off that muddy
The drugs kee

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, get lost in the muddy
I might shoot at your buddy who shot at my buddy
Where's the love if you love me?
And the sky keep on callin', the drugs I keep callin'
They keep pickin' up for me, they love me

I don't wanna buy no more
Your shit ain't gettin' me high no more

I'm trapped in my conscious
My trap is still bunkin', look at all of these hundreds
Might jump with no bungee, I'm gone off that muddy
The drugs keep on callin', the sky keep on fallin'
