

Travis Scott, Wonderful (feat. The Weeknd)

Yeah, yeah
(Yeah)

Oh my, oh my, what a wonderful time (Yeah)
Been a minute since I pulled up outside (Skrr, skrr)
Shut it down, yeah, you do that every time (Okay)
Oowee, got a feeling you might, yeah (Yeah)

Work it like a stripper, yeah
But you not a stripper, yeah
Dog her down with you, yeah
Work that 9 to 5 with you, yeah
After smoke a pound with you

Oh my (Yeah), on a vibe, what a wonderful time (It's lit)
Hundred deep, all my niggas outside
Valet park when I pull up in the ride (Yeah, yeah)
Ho, it's late, you might have to spend the night, yeah

Oh, I love my city lit at night, yeah (Yeah)
Oh, I love my bitches when they bite, yeah (Yeah)
Oh, let's call some up and let's get right, yeah (Yeah)
Oh, oh-oh (Yeah)
We just landed in your city, go time
Driving to the venue like she's seeing no signs
She got all the passes, she don't ever do lines
Bustin' like she's single, she ain't wasting no time (Alright)
You cannot record, that's for the show now (Oh no)
Leave your phone, you'll get that later on, now (Straight up)
Pour that special drink that's for my throat now (Yeah)
And take a sip

Oh my, oh my, what a wonderful time
Been a minute since I pulled up outside
Shut it down, yeah, we do that every time
Oowee, got a feeling you might-might (Yeah)

Work it like a stripper, yeah
But you not a stripper, yeah
Dog her down with you, yeah (Down with you)
Work that 9 to 5 with you, yeah (Work with you)
After smoke a pound with you (Pound with you)

Oh me, oh my
Why they wondering who the kid sleeping side?
I been up sleepless late nights
Override, yeah, overdrive, yeah (Oh)
Bag it, bag it up, just bag it up, yeah (Yeah)
Wanna try this one more again {Oh my}
I been on the edge (Yeah, yeah)
Scoping through the lens
These thoughts is in my mind
Got me on the drive
Got me on the ride to a wonderful time

Oh my, oh my, what a wonderful time (Straight up)
Been a minute since I pulled up outside
Shut it down, yeah, we do that every time
Oowee, got a feeling you might, yeah (Yeah)
