

# Travis Tritt, Helping Me Get Over You

(Featuring Lari White)

(Travis Tritt/Lari White)

You ask who's lying in my bed  
Is it really love we're making  
My heart's hanging by a thread  
She's the only reason it ain't breaking  
Do you ever cross my mind  
Darling fact is you still do  
That's the reason she is here  
Wiping your old memory clear  
She's helping me get over you  
Helping me get over you  
One kiss at a time  
'Cause all the pain that we've been through  
Still weighs so heavy on my mind  
Getting past the love we lost  
That's a lonely bridge to cross  
So I did what I had to do  
I had to find somebody new  
Who's helping me get over you  
I know you'd never ask his name  
But in your heart I know you wonder  
I'm not much good at playing games  
I'm just trying to keep from going under  
There's no forever in his eyes  
It's not the love that we once knew  
Oh and it might be a sin  
But tonight I've got a friend  
Helping me get over you  
Helping me get over you  
One kiss at a time  
'Cause all the pain that we've been through  
Still weighs so heavy on my mind  
Getting past the love we lost  
That's a lonely bridge to cross  
So I did what I had to do  
I had to find somebody new  
Who's helping me get over you  
Oh I did the best that I could do  
I had to find somebody new  
To help me get over you
