

# Travis Tritt, Leave My Girl Alone

You better leave  
You better leave my little girl alone  
You better leave  
You better leave my little girl alone  
Before I go and get evil minded  
And I go and do somethin' wrong  
You call up my house just yesterday  
And I picked up the extension  
And I heard every word you say  
Why don't you just go on man  
Go on and leave my little girl alone  
Yeah before I get evil minded  
And I go and do somethin' wrong  
Yeah you call up my house  
All hours of the night  
Let me tell you mister  
That's a damn good way to start a fight  
Yeah why don't you just go on  
Man and leave my little girl alone  
Before I get evil minded  
Lord and go and do somethin' wrong  
Yeah you better leave baby  
You better leave my little baby alone  
I'm gonna tell you what hoss  
You better leave  
You better leave my little girl alone  
Before I get evil minded  
And I go and do somethin' wrong
