

# Travis Tritt, Monkey Around

So your friends have been telling you  
I'm out of my mind  
Acting all wild and wierd  
Shoutin' and screechin  
Bouncing off the walls  
Ans swinging from the chandeliers  
Yeah, I've been running through then neon jungle  
I've been chasing every woman in town  
When you turn a man into a monkey  
That monkey's gonna monkey around

Now wait til' you see my new girlfriend  
I picked her up down at the zoo  
She's got rings in her nose  
Glitter on her toes  
And a very well placed tattoo  
Now that i've been up on the high wire  
You ain't ever gonna get me down  
When you turn a man into a monkey  
That monkey's gonna monkey around

Chorus  
Well once you had me dancin' at the end of your chain  
Beggin for your small change love  
I was jumping through hoops  
Doing loop-dee-loops  
Yeah, but girl i finally had enough  
So when you see me out rockin'  
In my little red hat  
Goin' ape all over town  
Well you turned a man into a monkey  
And that monkey's gonna monkey around

Yeah baby, You made a man into a monkey  
This monkey's gonna monkey around
