

# Travis, Walking Down The Hill

Walking down this hill tonight  
I had a thought all to myself  
As I contemplated the moonlight

We got it all, we got it made  
I don't know how I got here  
But I'm holding on for the crash

Pull myself out of the moon  
I know I'll never go there but  
It's shining down from up on high  
We got it made, we got it made  
I don't know what we gotta make  
Sooner or later we die

We're apart, go to pieces  
While I go to sleep

Look into my heart, oh baby  
Don't become a part of the past  
You can be a part of the key

Don't turn away, don't run away  
Don't leave me hanging by a thread  
Shine a little love down on me

We're in love, make your peace  
Wasting time's all you need

Walking down this hill tonight  
I had a thought it was my own  
Moon swept by the clouds  
and save the starlight  
Or shall I be or shall I not be  
I don't know I just don't  
Feel like kids in night
