

Tree63, Let Your Day Begin

Lord are You still coming?
This world is all in shame
Everything is broken
But You remain

Have mercy on me, Jesus
I can't take one more step
The lights go out all around me

I want to see Your face
I want to hear Your voice
I want to lay my burden down
I want to run to You
Forever dance with You
I long for night to end
Lord let Your day begin

The sons of men are hiding
Pretending to be free
They're yearning to escape You
For liberty

But I want to see Your face
I want to hear Your voice
I want to lay my burden down
I want to run to You
Forever dance with You
I long for night to end
Lord let Your day begin
Let it come, Lord

All I want, Lord Jesus
Only You can give
When the light goes out all around me

I want to see Your face
I want to hear Your voice
I want to lay my burden down (mm hm)
I want to run to You
Forever dance with You
I long for night to end
Lord let Your day begin

I want to see Your face
I want to hear Your voice
I want to lay my burden down
I want to run to You
Forever dance with You
I long for night to end
Lord let Your day begin
Let it come, Lord
