

Tribal Ink, I'm a liar (believe me)

Yeah!

Liar, liar!

Liar, liar!

Come on!

That's right!

You call me liar, liar, pants on fire

And I wont stop till I retire

Scream like a choir when I wanna get higher

Guitar strings made of barbed wire

Wait a minute, you dont wanna get started

Cold-hearted says _____, departed

Im not aggravated, more frustrated

Hated, everything inside til I made it

Liar, liar!

Liar, liar!

Pants ilated?

Dissipated, most anticipated

I can never be faded

Oh, no, Im not a cyber in the city

Girls look pretty and the boys look shitty

I'm a liar, a denier

Believe me

Liar, liar

I can't hide it, dont divide it

Believe me - Im a liar

Liar, liar!

Liar, liar!

Liar, liar!

Thats right!

Its all real, but you gotta read between the lines

Seek and you will find, or you better speak your mind

Yeah, Im a liar but I always tell the truth

Even when I lie, I aint trying to be a cute

Bide your time, cause its hard to pat attention

Half of your pension, when you need to get mentioned

_____ it will never be easy

Down when the tease me

Up when the grease me

I'm a liar, a denier

Believe me

Liar, liar

I can't hide it, dont divide it

Believe me - Im a liar

Liar, liar, pants of fire

And I wont stop till I retire

Liar, they call me a liar

I wont stop till I retire

Liar, liar

(Believe me - Im a liar)

I'm a liar, a denier

Believe me

I can't hide it, dont divide it

Believe me - Im a liar

I'm a liar

A denier

Believe me

I cant hide, dont divide it

Believe me - Im a liar

Believe me - Im a liar

Believe me - Im a liar

Liar, liar

Liar, liar

Liar, liar

Liar, liar

Thats right.
