

# Trick Pony, Leavin' Seems To Be The Goin' Thing

(James Garrett/Ira Dean/Keith Burns)

Three months ago Tom and Becky Jones had a fight  
She left hi overnight  
Then my next-door neighbor said his woman gave him fits  
He up and called it quits  
The couple down the block barely finished their house  
I learned this mornin' he's already moved out

I don't like what's goin' down  
Spreadin' like fire all over this town  
Up and gone has done caught on  
How else do you explain  
Leavin' seems to be the goin' thing  
It's the goin' thing

Now here I am on this front porch tryin' to understand  
This letter in my hand  
You left it sittin' on the table when you went for a walk  
It said we need to talk  
You can understand my concern

I'm thinkin' maybe it's my turn

I don't like what's goin' down  
Spreadin' like fire all over this town  
Up and gone has done caught on  
How else do you explain  
Leavin' seems to be the goin' thing  
It's the goin' thing

I'm not the kind to overreact  
But you can't deny the cold hard facts

I don't like what's goin' down  
Spreadin' like fire all over this town  
Up and gone has done caught on  
How else do you explain  
Leavin' seems to be the goin' thing  
It's the goin' thing
