Tricky, She said

Tricky:

She said, she said, she said, she said

She said she could tempt me

Both in rooms full or empty

She said, she said

Even might turn out the lights

She said, she said

Pretend to know me- then show me

She said, she said

She was a missed good night,I

Wanted to share her vagina

She said, she said

Then we jumped in her car

Went real far

After the pizza

With Wendy and Lisa

She said, she said

Asked about Prince

I left my fingerprints

She said, she said

Then I jumped in the car

Go real far

Jumped in the car

Go real far

She said, she said

Now I start fucking with drugs

I got Muggs

She said, she said

Then we jump in the car

And go real far

She was just showin' me tanks

Robbin' banks

A new inflation bring migration

If you want to be boy

Don't send a decoy

She said, she said

Tricky and Kioka:

Wait 'til dark comes

Don't play with guns

And kill the toys

Don't play with boys

Tricky:

She said, she said

Let's go stress

Then touch my breasts

It's all yours

We finish tours

She said, she said

Then we jumped in the car

Went real far

Jumped in the car

Went real far

She said, she said

Now I'm on the run

Always weighs a ton

She said, she said

Dark brown eyes

'You wanna stroll with' eyes

She said, she said

Takes lots of patience

Then I lost my patience

Acting like an actress Killed her on the mattress

She's dead, she's dead

She's dead, she's dead Then I jumped in my car Went real far Jumped in my car Went real far Jumped in my car Went real far She's dead, she's dead
