

Tricky, Singin' The Blues

I've been working so hard
Just came home from my job
I look down in my wallet
Goddamit I been robbed
Where can my money be now
(Five of a???) a week's long work
What can I do now
I got so many bills to pay
You got me singing the blues
And I'm payin all my dues
You got me singing the blues
And I'm payin all my dues

(????) Outta my pocket
Oh what a day
The bills are gonna rob me tomorrow
That's why I need my ten dollars today
You got me singing the blues
And I'm payin all my dues...
