

# Tricky, Vent

Trik Turner Friends and Family

Oh oh oh

Oh oh oh oh oh oh

Some call me a loser,

Some call me a cheater,

Some say Im a selfish

Untalented dreamer

Cause all I try to do

Is keep my dreams alive

Is that so hard to do?

When youre workin nine to five,

Ive never been born afraid to die,

But Im afraid to leave behind

The precious life that grows through the sands of time

Cause Now Ive got two daughters and I know they need there father

To help them make it through/All the devious things that people do

Cause every moment counts from the good times to the bad

I dont have time to envy those whove got things that I never had

Cause the one thing most important is the thing we take for granted

Until your life is on that line/I think thats the way God had planned it

So open up your eyes/To make you realize/ that theres some/ Life is money

But what is money without life? Cause all I need

Is the air that I breathe and my friends and family

To believe in me

Chorus:

Its deep as the abyss where the waters run

Its deep as the land of the rising sun

And they wont die

(Even when their minds are against us)

Doesnt even matter

Nothing else matters

Its deep as the abyss where the waters run

Its deep as the land of the rising sun

And they wont die

(Even when their minds are against us)

Doesnt even matter

Nothing else matters

We bleed the same blood

We cry the same tears/We have the same fears

We pass the same gears

We see the same stars

We live the same sky

We pass the same time

We all live and die

Cause friends, family will stick in the blood

And if youve never felt love than I pray for you cause

Cause lifes full of brothas

Seven forty sevens

Who will love us

Before they go to heaven

And everything in-between has a meaning

Some stay connected

While others keep dreaming

Looking for that meaning

But the lost cant be found

Drop to your calves and break

Can you hear the sound?

Do you feel it?

And do you feel it coming?

To triple zero

The hunters are the hunted

Electrical currents

Conflict with the spirits

Ahh do you hear it?  
Ahh well can you feel it?  
Deep like seven the life brings its intelligence  
Got no time for cleaver  
You're late if there's hesitance  
Put your foot forward and you'll be a helping hand  
Take a step back than your stuck in the quick sand  
And just the toxic keeps us locked in  
A mental jail trapped  
99  
Where your family at?  
(Oh my mind did fail/ oh my mind succeed  
Whatever the outcome is/ Just keep your faith in me  
Just believe in me..  
I will be there)

Chorus:  
It's deep as the abyss where the waters run  
It's deep as the land of the rising sun  
And they won't die  
(Even when their minds are against us)  
Doesn't even matter  
Nothing else matters  
(4 times)
