

# Trina ft. Killer Mike, Look Back At Me

[Trina]

I got an ass so big like the sun  
Hope you got a mile for a dick I wanna run  
Slap it in my face shove it down my throat  
Nigga where your blunt I can make this pussy smoke  
I know how to fuck I know how to ride  
I can spin around and keep the dick still inside  
Now your mouth wide you looking real scared  
I'm a man eater headhunter I'm prepared

[Trina talking]

Yea you running now

Just like this

[Trina]

Put this pussy in yo jaws now smack  
Like its Thanksgiving and it ain't coming back  
Collard greens neck bones nigga chew this ass  
Both hold inspections don't stop til it pass  
Licky licky licky licky licky for an hour  
I'm gonna make it rain for you here's a golden shower  
Smell it like a flower my pussy is a rose  
Come a little closer I wanna fuck your nose

[Chorus - Killer Mike]

If you want it you can get it  
If you with it I'm gonna hit it  
Flip it rub it up and smack it  
Look back at it I'm a addict  
Look back at me [4X]

If you want it you can get it  
If you with it I'm gonna hit it

[Killer Mike]

Third bred red broad in my bed  
Up all night took pipe gave head  
Ass like Trina face like Mya  
Shot it on her chest she said daddy aim higher  
Put jimmy on her titties and I bust off wicked  
Gave her mayonnaise on the face pearl necklace  
We turned the camera on we did a sex scene  
She call me R. Kelly and I call her  
That's my bitch right there nigga  
Hand full of ass and a fist full of weed  
Ass in the air face down on your knees  
I'm a beast when I fuck I'm gonna put it on your gut  
I'm gonna have you saying no please let me get up  
I'm gonna make you say that's the spot don't take it out  
I'm feeling like Akinyele put it in your mouth  
Kanye tell them gold digging hoes that we pimping in the South  
And it ain't payday unless nuts in your mouth

[Chorus]

Back it up drop down to your knees  
Bring it up real slow make one cheek freeze [2X]  
If you want it you can get it  
If you with it I'm gonna hit it  
Flip it rub it up and smack it  
Look back at it I'm a addict

[Trina]

That you ain't a virgin and you done this before  
Fuck me til you can't breath til you swim and scream help  
Its your lucky day all the lifeguards left  
[Trina talking]  
Little dick ass nigga  
You better get your face down here and eat this pussy  
Dribble these titties on your lips  
While you're doing that put your hand around my hips  
Bounce me like a ball slam me like K-ma  
On and off the dick better known for breaking hearts
