

# Triple Image, Right In Front Of You

(Verse)

So sweet I thought  
But I was fooled  
So perfect but yet  
Not so cool  
Rumors were alive  
Telling stories bout you  
Tears fell down  
I believed they were true

(Chorus)

I've got whatever your looking for  
So you don't have to look anymore  
Here I am  
Right in front of you (right in front of you)  
Don't waste your time on other girls  
I'm not gonna play you like they would  
Here I am  
Right in front of you (right in front you)

(Verse)

All I wanted to give you  
Is a little kiss  
To show you how much  
You could miss  
But being too shy  
Was the deal  
I couldn't show you  
How I feel

(Chorus)

I've got whatever your looking for  
So you don't have to look anymore  
Here I am  
Right in front of you (right in front of you)  
Don't waste your time on other girls  
I'm not gonna play you like they would  
Here I am  
Right in front of you (right in front you)

(Bridge)

How many guys can take my breath away?  
Just one look and I fall for you  
How many guys can make me wanna smile?  
Just one guys and that's you!

(Chorus)

I've got whatever your looking for  
So you don't have to look anymore  
Here I am  
Right in front of you (right in front of you)  
Don't waste your time on other girls  
I'm not gonna play you like they would  
Here I am  
Right in front of you (right in front you)

I've got whatever your looking for  
So you don't have to look anymore  
Here I am  
Right in front of you (right in front of you)  
Don't waste your time on other girls  
I'm not gonna play you like they would  
Here I am  
Right in front of you (right in front you)
