

Tripod, Is It Okay If I Stalk You?

You say that there isn't a chance
That we two will have a romance
You just need a little more time
But in the meantime...

Is it okay if I stalk you?
I just want to make sure you're okay
And behaving while I am away

Is it okay if I stalk you?
Don't mind me I won't get in the way
And although I'll see you every day
You won't see me

You stated in words very clear
That you don't require me here

Is it okay if I stalk you?
I just want to make sure you're okay
And behaving while I am away

Is it okay if I stalk you?

Is it okay if I
Is it okay if I
Is it okay if I
Is it okay if I
Is it okay if I
Is it okay if I

Is it okay if I
Is it okay if I
Is it okay if I
Is it okay if I
Is...

It okay if I stalk you?
Don't mind me I won't get in the way
And although I'll see you everyday
You won't see me because

I'll be concealed in my car
At the back of the bar
In the restaurant behind the piano
The man over there with the hair
And the moustache and wearing the glasses that no offense I wouldn't
normally wear
Because my eyesight is fine

And with night vision goggles I see even better
They flatter you more than the
