

# Tripod, That's Why I'm Sending You

Well now honey, we've had a good life, you and me  
All these years we've been so happy  
But now lately, things just ain't working  
So I think it's time to just let it be

That's why I'm sending you  
This text message  
To let you know that we're through  
Concisely

It was great  
(G-R-8)  
To be  
(2-B)  
With you  
(W-I-T-H-U)  
But now honey  
(H-1-E)  
Oh, we're through  
(T-H-R-U)

I wish that I had predicted  
That it would end this way.  
Just like my phone can predict  
What I wanna say.

It was ace...  
(Bad Cad Ace)  
And I hate...  
(Have Gave Gate Hate)  
To lose...  
(Lord Lose Lore ah! Jose Kore Jord Lord Lose)

What we had, you and I  
Well, I'm not the right guy  
I don't wanna see you cry  
I'd rather did...

(Mobile phone tone)

...die...
