Love makes it good to be free, well I'll take it shorter Now if I had the time to well I'd make it longer One makes it two to find the three to change My four, it's over, now if I had the chance I'd do it again and make you warmer than...

Surprise you make me get away slow

So you'll pull me back, you make me Get away oh, and now you want me back

Love me through Love me through..... Why you wanna wait til I stop?
