

Tripping Daisy, Band-aids

Some bleed too much
Some things are touched
Take the time to fix yourself all up
Taking time helps with your luck
You can bleed on the other hand
Talkin' makes an easy chair a friend, crawlin' places
just to stand
You can feed your mouth a plan
Some bleed too much
I've seen it flood
You can set yourself on fire
Burnin's good when you're burnin' wood
It tastes the same with an overbite
Breathing makes it easy to deny
Sure is fun to sing about life
How much longer can this last?
My tooth is loose
