

# Trish Thuy Trang, I Neva Thought

Duy:

Just an ordinary day  
Started out the same simple way  
But when I looked into your eyes  
Right then I knew  
I found the one

Kelsey:

When I saw you smile at me  
I felt the quivering through my knees  
All along I knew someday  
I'd give my heart to someone just like you

Duy:

Baby, everyday has always been the same thing  
Till you came along  
Now it's

Kelsey:

amazing  
What a pleasant change  
A thousand words I still can't explain

2gether:

I never thought I'd be in love, in love like this  
I never thought I'd be a fool, just for one kiss  
I never thought that I'd be here with someone like you  
Never thought that I would be in love the way that I do  
Baby, everyday has always been the same thing  
Till you came along  
Now it's amazing  
What a pleasant change  
A thousand words I still can't explain  
I never thought I'd be in love, in love like this  
I never thought I'd be a fool, just for one kiss  
I never thought that I'd be here with someone like you  
Never thought that I would be in love the way that I do

Kelsey:

Here I am still around and wondering

Both:

How did I make it without you  
Like a fairy tale that has just come true  
I'm so in love with you  
I never thought I'd be in love, in love like this  
I never thought I'd be a fool, just for one kiss  
I never thought that I'd be here with someone like you  
Never thought that I would be in love the way that I do
