

Tristan Garner, Give love

We can give love, give love !
And We gotta (we got) give love, give love !
And we better speak up, speak up !
Cause we just got one world to share
And We gotta (we got) look out, look out
And see the brighter future beneath
Believe we can all leave in peace
Humanity in harmonyyyyyyyyyyyyyyy
Yes nothing gonna (going to) change the world
If you don't do it baby !
And yes nothing gonna change the world
Do what you got to do baby ! x6
We can give love, give love !
And We gotta (we got) give love, give love !
And we better speak up, speak up !
Cause we just got one world to share
And We gotta (we got) look out, look out
And see the brighter future beneath
Believe we can all leave in peace
Humanity in harmonyyyyyyyyyyyyyyy
Yes nothing gonna (going to) change the world
If you don't do it baby !
And yes nothing gonna change the world
Do what you got to do baby !
