

Tristan Prettyman, Daisy

I went on a walk inside your head, the other day
I couldn't believe some of the things, I heard you say cause
I've seen the way, that you've been looking at me
and its dangerous, and very intentionally

well we can spend the afternoon, locked in your room
don't act so surprised, I know what you wanna do
turn off my phone, cause I don't wanna hear it ring
I know my girls be calling up, consistently

saying..

ohh, here we go again

you know we thought she learned her lesson

ohh but I guess I didn't and

it'd be foolish to pretend to say that, I never loved you, and ill never ever love you again

So I was walking down the road, the other day
I was doing just fine, daydreaming my life away
and then, little daisy caught my eye, and said
"ill tell you if he loves you or not" and to my surprise
well I think that daisy lied, cause
I seen the way, that you've been looking in my eyes,
its ohh so nice, you got me in a daze and now, how could I complain

ohh, no here we go again, you know I
thought I learned my lesson,
but you know I never do
and it'd be stupid to believe that
I never loved you and that I'll never love you again

again, ill never love you
again, ill be thinking of you again
and again, and again, and again
