Triumph, Fight The Good Fight

The days grow shorter and the nights are getting long Feels like we're running out of time Every day it seems much harder tellin' right from wrong You got to read between the lines

Don't get discouraged, don't be afraid, we can Make it through another day Make it worth the price we pay

The Good Book says it's better to give than to receive I do my best to do my part Nothin' in my pockets I got nothin' up my sleeve I keep my magic in my heart

Keep up your spirit, keep up your faith, baby I am counting on you You know what you've got to do

Fight the good fight every moment Every minute every day Fight the good fight every moment It's your only way

All your life you've been waiting for your chance Where you'll fit into the plan But you're the master of your own destiny So give and take the best that you can

You think a little more money will buy your soul some rest You'd better think of something else instead You're so afraid of being honest with yourself You'd better take a look inside your head

Nothing is easy, nothing good is free But I can tell you where to start Take a look inside your heart There's an answer in your heart

Fight the good fight every moment Every minute every day Fight the good fight every moment Make it worth the price we pay

Every moment of your lifetime Every minute every day Fight the good fight every moment Make it worth the price we pay
