

# Trivium, A Gunshot To The Head Of Trep

You starve your children on neglect  
Then feed their bellies with fear (bellies with fear)  
Concussion bat to the brain  
Witness to a battered mother (battered mother)  
(Chorus)

Your abuse will end right here  
No longer will your family fear (no longer will your family fear)  
A Gunshot to the head of trepidation (head of trepidation)  
My promise if you ever lay a finger  
Just look at these scars you make  
Your terror makes your kids break (make you kids break)  
A broken home just as you were raised  
With fist raised up to your children

(Chorus)  
Your abuse will end right here  
No longer will your family fear  
A Gunshot to the head of trepidation  
My promise if you ever lay a finger

This battle is on all  
You've made beautiful Now hateful  
You wretched life wrecker  
Abuser

Now suffer  
Open fire  
On the desire of the man  
Open fire  
With strife we'll strike down the hand (open fire, build the pyre)  
If i cant make you see the damage you've made(open fire, build the pyre)  
I'll make you wish you'd never been alive
