

# Trivium, Ember To Inferno

In birth just an ember a spark of creation  
Towards genesis  
With vision of dominion and godliness  
With vision godliness

In evolutions design it will burn up

Changing opposition to a carnal ash  
With vision godliness  
It will take all you have held  
Sacred  
With vision godliness

Stay here till the windows stop burning for your dreams
