

Trust Company, Finally

So it's over now (finally)
I'm beneath
And I'm crawling out
On my knees
I can hear what you said
Echoing in my head
I'm losing...myself
Now I'm cold on the floor
And I don't care anymore
Cause its over...it's over
I can feel
Like it's real
Now I can finally feel
So I guess it's over now
And you broke me down somehow

Now I'm faltering
I can see - I can be
I can leave and shut you out
So I'm leaving now (somehow)
Underneath
As I slowly drown
Finally
I can hear what you said
Echoing in my head
I'm losing...myself
I'm shaking deep inside
I'm having trouble breathing
I need somewhere to hide
Away cause I am healing
