

Tryad, Breathe

All I wonder
Is this all the
All I wonder
Is this all

There's a place
Deep down inside
Where I breathe
I can see into the sea

All I wonder
Is this all I see
There's only [?]

(All I wonder) As I wonder (Is this all the)
Will you wait for me? (All I wonder)
I struggle to breathe (Is this all the)

(All I wonder) As I wonder (Is this all the)
Will you wait for me? (All I wonder)
I struggle to breathe (Is this all the)

As I cast aside old doubt
To the waves
I float away to sea

As I breathe
As I breathe

(All I wonder) As I wonder (Is this all the)
Will you wait for me? (All I wonder)
I struggle to breathe (Is this all the)

Woah, I struggle to breathe (to breathe)
I struggle to breathe
Will you be there for me
I struggle
I struggle to breathe

(All I wonder) As I wonder (Is this all the)
Will you wait for me? (All I wonder)
I struggle to breathe (Is this all the)

I struggle, I struggle to breathe (repeated)
