

# Tsunami Bomb, I Bought You

I now have the chance to meet you,  
but that's a risky move.  
I know I might have to surrender my preexisting idea of you.  
Right now you're a stranger -  
let's keep it that way.  
No harm meant.  
Let's keep it that way.  
I'm quite content knowing that I don't know you -  
I can pretend.  
Let's keep it that way.  
You could never understand how much you mean to me.  
I don't want you going and screwing it up with your personality.  
I'll stay in this dark corner of the room where I can't be seen,  
but I can still see you.  
You could be anyone.  
My fantasy would be undone.  
I want to continue looking up to you
