

# Tuatha De Danann, Some Tunes To Fly

Walking through the forest waiting for the twilight again  
Sitting on my friend's Lix-Lix my dear tree  
So she came from the sky her wings were like gold  
It shines on me - What a beautiful lady oh!  
Her name I don't know, she didn't tell me  
She told me stories That you'll never hear

(fairy) - Man who lives on this world  
I came from far to you - Far from where your eyes can see  
Beyond your reality

The place I came from was forgotten by you  
We all are friends - So different from you  
So listen to me - a speech from my people  
Come to my land where dreams become true

So she gave me a poison a magic poison and we start to fly  
Wonderful colours embrace the sky  
Everything was beautiful - everything had his own bright  
And she told me a story, something like this  
Let's delight ourselves

Fly to the ancient times to the land of De Danann  
They were ready to fight against the Fomorians  
Lugh in the front the lead the battle with wisdom  
Courage, magic and spells - and the spear of the Gorias

Too many warriors De Danann the formors  
They all fought to reign on the old Irish land  
Na ancient prophecy their legacy of justice  
Those are the words from the destiny  
What are they waiting for?

So Lugh the man of sun  
Defy Ballor his grandfather to a fight  
He strikes him in the eye  
The evil eye that someday would become the sun (a little time of Lucidity)  
Shine on me Dagd  
Show this young people what is life  
They are drowned in tragedies  
Give them some delight  
They forget the magic  
What they all have in their light

So we got to play some tunes to fly  
Remember the ancient with their spells  
Behold the magic inside of you  
Burn yourself inside to shine

Give me your hands - please let me make you fly  
Forget the things you created to your life  
There's no way to return  
Forget all your fears  
Someday you shall believe in your dreams
