

Tub Ring, Love Krook

Like a dog without a bone
Like a child without a home
I sit here all alone
Waiting in the dark by the phone

(Figure this part out yourself)

My heart is like an open book
So won't you take another look
I keep thinking of the special feeling you took
You'll always be my love krook

(Good luck with this part)

Love krook, I want you back
Love krook, won't you please come back to me

Love krook, I want you back
Love krook, won't you please come back to me
Oh, I miss you so
