

# Tub Ring, Two Noses

I'm a happy guy  
I've got a happy life  
Two happy kids  
And a happy wife

Flowers are blooming  
It's a beautiful day  
I've got an upper class job  
With upper class pay

But I've got a little problem  
You see, with me  
A major physical deformity  
It takes me twice as long  
To stop and smell the roses

'Cause I've had to live my life  
Having two noses kids understand  
They think it's neat  
At birthday parties  
I'm an added treat

Wife loves me for my mind  
Doesn't care about my looks  
She's so damn kind

It's really no fun  
When the nostrils  
Of both noses run  
Yeah, that really sucks

And when I think back  
To my days of grammar school  
I was the one who got picked on  
When the kids were being cruel

A major problem in high school  
Was if you had acne tell you  
Pinocchio had nothing on me

Summer, I used a surplus of zinc oxide  
Spring, allergy season caused me to hide  
Winter would come along and noses would freeze

Autumn was not so bad  
The smell of burning leaves  
Paid real well

So my job's okay  
I'm the head tester  
Of nasal spray

Boss thinks I'm weird  
But I don't care  
I just do my job  
And I'm outta there

I'll fill you in on  
What's my personal hell  
When someone farts  
I get twice the smell

Another duty that can prove  
To be a scare is when

I have to trim my nostril hair

Just so you know  
It's in my head  
I'll get a nose job  
Before I'm dead

Years of planning have gone into this  
I'll get the left nose trimmed  
'Cause it's too big, yeah  
I've got to get that taken care of

You know you put your left nose in  
You put your left nose out  
And you put your left nose in  
And then you shake it all about

You do the hokey pokey  
And you turn yourself around  
That's what it's all about

I've got two noses  
I've got two noses  
Why'd this have to happen to me
