

# Tuesdays, When You're A Tuesday Girl

When your sky comes tumbling down  
It can turn around if you're in the right state of mind  
Life's a spinning ferris wheel  
All these things we feel inside our hearts  
They are for real  
Don't wait till Saturday  
To come on out and play  
You've gotta learn to lead your way

When you're a Tuesday Girl  
You just free your mind  
Cuz life's too short to waste your time  
You don't have to be something  
Don't have to be a star to shine  
Cuz you light up the world  
When you're a Tuesday Girl

And now you're finally here with us  
You can be yourself and open up  
And just be free  
We're not playing any foolish games  
No we're restless, wild  
And not ashamed of what we want  
So leave your world behind  
Just come fall into mine  
I'll take you where you've never been

When you're a Tuesday Girl  
You just free your mind  
Cuz life's too short to waste your time  
You don't have to be something  
Don't have to be a star to shine  
Cuz you light up the world  
When you're a Tuesday Girl

Ain't nobody gonna stop us now  
Stick with us we'll show you how

When you're a Tuesday Girl  
You just free your mind  
Cuz life's too short to waste your time  
You don't have to be something  
Don't have to be a star to shine  
Cuz you light up the world  
When you're a Tuesday Girl  
When you're a Tuesday Girl  
You just free your mind  
When you're a Tuesday Girl  
When you're a Tuesday Girl  
You don't have to be something  
Don't have to be a star to shine  
When you're a Tuesday Girl  
When you're a Tuesday Girl
