

Turbonegro, Wipe It Til It Bleeds

(Intro):

Alright
yeah yeah yeah
whoo whoo whoo
yeah yeah yeah
whoo whoo whoo

(Verse 1):

Wanna give it up, wanna beef it up, wanna make it beg for more
Gotta keep it clean, you little meat-machine,
cause it's the only only thing you got
gotta make it last, sign another brat(?), get it ready to get it on
you gotta whipe it clean get the magic sheet

(Chorus):

So wipe it till it bleeds
yeah yeah yeah
wipe it till it bleeds
whoo whoo whoo

(Verse 2):

It's a golden door make it make some noise
you gotta make it clean
such a shiny dream you gotta check the scene
got my scandinavian leather on
learn to let it dry or it'll f**king die
you gotta let it bleed
gotta stretch it out gotta flex(?) it out
work the baby all night long, work the baby all night long
all night long
see the young lord looking so very good
he rode down to the village just like i knew he would
such a lusty little pimpster he takes what he wants
(some words I can't figure out)
and now right now

(Chorus)

Wipe it till it bleeds, you gotta keep it clean (till end)
